Re: Terms of Reference on penalties for assaults of public officers

Dear Judge,

I write on behalf of Morayfield constituent [REDACTED], who works in the security industry.

Mr [REDACTED] respectfully requests that the Queensland Sentencing Advisory Council, in its consideration of penalties for assaults on public officers, also considers the penalties for assaults on security officers/guards, some of which are employed by the Queensland Government and, as such, may also be public officers for the purposes of the inquiry.

Yours sincerely

[REDACTED]

Mark Ryan MP
State Member for Morayfield
